Covid-19 Awareness

Dear Members

Salaams,

Covid-19 infections are on the rise again. Our aim is to prevent these infections from spreading to high levels and also to keep our community safe. Members are advised to exercise caution when attending events and to consider the following advice:

- Consider abstaining from attending if you suspect or have Covid infection or symptoms
- Consider wearing a face mask for your own and others protection
- Assess your own risk and attend programmes based on what you feel comfortable for your individual circumstances
- Take up the offer of a Covid booster vaccination if you are eligible for this

Praying for best of health for everyone in our community.

Wasalaam,

Sajjad Kara
Secretary, Hyderi Islamic Center
